Sorry for the delay, I had to deal with a spill fire drill when I got off the phone with you.

Attached. See the blue highlighted portions of 1CS and 2CS. I think the 1CS corrective action was fine after re-reading, and I brought some of those concepts up into 1CS. Although 1CS and 2CS are very similar now, I think it makes sense to keep 1CS still, because it gets to the revision of procedures.
